CSORC Captain's Report for 2020

Racing in 2020 kicked off with an entry in the RORC Caribbean 600. Neil O'Leary skippered Oarsome Dream, a Dufour 460 to 50th place out of 57 entries. We were against a very professional fleet in a not particularly suitable boat but still managed to beat two Volvo Opens and two Pogos.

The 2020 domestic season started optimistically with a trial sail in February on Volunteer, the First 40.7 run by the RNVRSC, in anticipation of a regular arrangement with RNVRSC.

The next event, a Sunsail Race Series event, fell on the weekend of 21st March, immediately prior to the first lockdown, and was eventually cancelled; and the rest really is history. The nature of our sailing involving bigger crews and sharing cabins meant that further sailing was not practicable for the rest of the season and well into 2021.
